

Upgrade Elec Sys, CU Den Bldg.

Project Number – 21-174017

February 13, 2024

ADDENDUM 2

QUESTIONS/RESPONSES: NONE SUBMITTED

All project related questions were due Tuesday, February 6th at 2pm. No questions from prospective bidders were received.

I have been asked about gaining additional access to the space to confirm dimensions, walk subcontractors through etc....

In order to assist ALL potential bidders in creating a comprehensive bid, I will be offering all bidders a chance to access the space this Friday, February 16th from 9am – 10am.

NOTE: This will be the only additional opportunity to walk the space before bids are due on 2/27/24. This will be for you to walk the space, take additional pictures, walk other subcontractors through, etc...

There will be NO questions or discussions as the deadline for those has passed.

Interested parties need to meet in the lobby of the CU Denver Building (1250 14th St, Denver – same place as our initial meeting) no later than 9am.

Thank You
